

HSE Midwifery Bulletin

Issue 3 October 2023

This Research Bulletin provides featured articles from core midwifery journals. It will be published quarterly. The bulletin has been developed as a collaboration between the ONMSD National Lead for Midwifery and Health Library Ireland's Knowledge Support Team.

Some links have abstracts or no abstracts at all. To request the full text of any of these articles email: [Knowledge Support](mailto:KnowledgeSupport@hse.ie) or

click on the following link to subscribe to the bulletin: <https://hse-ie.libinsight.com/ks>
