Introduction

On behalf of the Leadership, Learning and Talent Management (LLTM) team, I would like to welcome you to our Learning and Development Prospectus which outlines our Learning and Development Programmes provided to support HSE staff around the country.

LLTM has extensive experience in developing and providing high quality programmes that support the priorities of the HSE. Our current suite of Learning and Development Programmes, and interventions support a number of the priorities set out in our People Strategy (2019 – 2024) to include Priority 1 *Leadership and Culture*, and Priority 3 *Capability and Talent*. Our programmes have also been developed in line with Sláintecare, which requires building organisational capacity, enhancing leadership accountability and building a sustainable, resilient workforce that is supported and enabled to deliver the Sláintecare vision. Further details on the HSE's approach to Learning and Development (L&D) can be found in our Learning and Development Policy by accessing the following link:

<https://www.hse.ie/eng/staff/leadership-education-development/learning-and-development-policy.pdf>

HSE staff can view and enrol in available LLTM training programmes through HSeLanD. An LLTM Catalogue of training has been created to store all our programmes conveniently. I invite you to login to HSeLanD and browse the LLTM Catalogue. Information on each programme including the dates when sessions are taking place in the coming months can be found here and you have the opportunity to enrol online in a session which suits your availability. Please see the steps on the page overleaf for further information.

Online training supports for all staff is offered through HSeLanD. The area of online learning is an ever-developing part of the learning and development offering and is a flexible learning option for staff. There is a large suite of training programmes available covering both clinical and general development, and various hubs with cultivated resources including publications, articles and videos.

We hope that our Prospectus provides guidance in relation to the range of options available through LLTM in supporting your individual and team development needs. LLTM staff look forward to meeting you on one of our many programmes in the coming months.

Pat O'Boyle
Assistant National Director - HR
Capability and Culture

Online Booking for LLTM Programmes

Please follow the steps below to access LLTM's programmes on HSeLand.

Prior to booking onto a programme staff members must discuss attending with their line manager to ensure that they have approval to undertake the programme. Staff will be asked to confirm that they have their line manager's approval as part of the enrolment process.

Login to **www.hseland.ie**

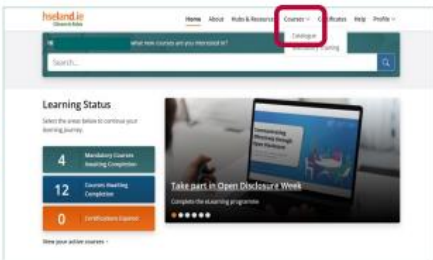

Use the prompt to reset your username/password if you have forgotten your login details. If you are a first time user, select Create an Account, and follow the steps for self-registration.

1

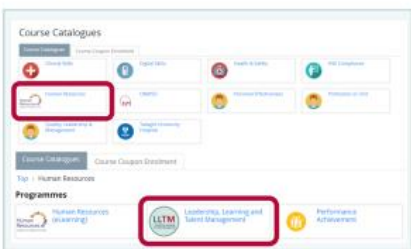

Select **Courses/Catalogue** from the top menu

2

Choose **Human Resources** from the Course Catalogues and select the **LLTM Catalogue**

3

View the **LLTM programmes** listed and **select the course** you wish to attend

4

Read the programme information and scroll down to click the green **Enrol** button for the **Session** you wish to attend

5

Fill in the **Enrolment Confirmation Form** and select the green **Confirm Enrolment** button

6

HSeLanD

Log on to HSeLanD.ie to further your learning and development

HSeLanD (www.hseland.ie) provides a central source of high quality online training, learning and development to healthcare professionals within the HSE, health care and related voluntary organisations throughout Ireland.

The online portal includes:

- Over 300 online e-Learning resources and programmes.
- A range of personal and professional development planning tools allowing users to plan their learning and development over time.
- Leadership and Management Development 360 degree competency assessment tools.
Collaborative learning hubs to facilitate knowledge sharing between multi-disciplinary groups.
- A full end to end Health electronic Learning Management (HeLM) system incorporating learning catalogues and classroom management.

As well as identifying personal, career and learning objectives, you can also put your plans into action by undertaking any of a large selection of online learning programmes, browse hubs and resources at your own pace and at a time that suits you.

HSeLanD is recognised for the positive impact on learners, having won many high profile learning awards including CIPD, IITD, eLearning Age, eGovernment and HR Leadership. HSeLanD (HSE) is the only Irish organisation to be awarded an International Gold Brandon Hall Award, for Learning Excellence.

How to register:

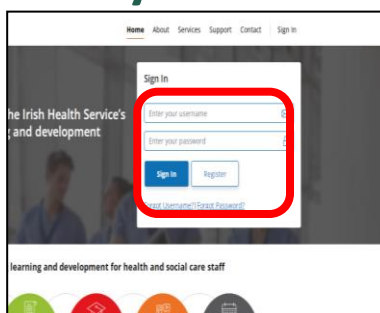

You can register and/or log on to www.hseland.ie from any device at any time. If it has been a while since you last logged on, the portal is continually being updated, so why not see what learning resource can help you in your role.

Learning Talks Podcast

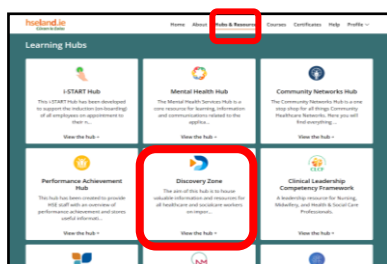

The Learning Talks Podcast aims to explore topical issues from areas such as Management, Leadership, HR and People Management. The Learning Talks Podcast is available now on HSeLand and can be listened to on your PC or on your Phone.

To access on your PC

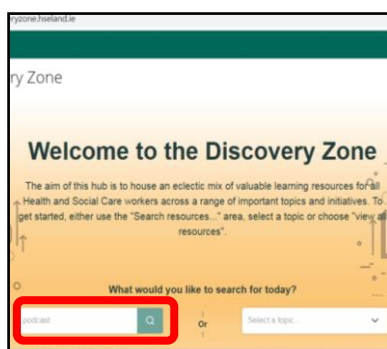

1. Login to hse.land.ie

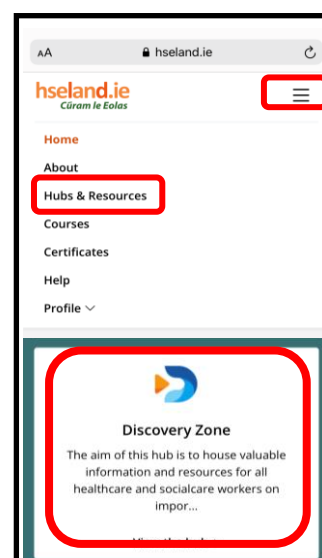

2. Select Hubs & Resources and scroll down to find the 'Discovery Zone'

3. Type Podcast into the search bar and select the 'Learning Talks' podcast

To access on your Phone

Employee Induction

Programme Aim

Employee Induction is a five stage approach.

Stage 1: Pre-employment Induction checklist – this assists the line manager in preparing for the arrival of a new employee prior to commencement of employment in their team.

Stage 2: Corporate Induction Part 1: I-Start Induction Hub - is now live on HSeLanD and supports employees starting new, moving or changing roles. The twelve core themes have been identified to support staff, and the hub provides flexibility to work through each theme as appropriate to the new staff member's specific needs.

Stage 3: Departmental Induction checklist - a structured approach to introducing new employees to the organisation, its vision, mission, values and services. This checklist assists line managers in providing an introduction to the culture and work practices of the department so that the newly appointed / transferred employee has a clear understanding of their role, responsibilities and objectives

Stage 4: Site Induction checklist – this is an opportunity to provide staff members with information on various services within the site which they work.

Stage 5: Corporate Induction Part 2: LLTM virtual programme – is a half-day virtual classroom programme facilitated by Leadership, Learning and Talent Management. This programme aims to give context to new staff members regarding the HSE as an organisation and their role in it. More information on this programme can be seen on Page 8.

Please visit www.hseland.ie and the HSeLanD induction hub at <http://i-start.hseland.ie/> for HSE Induction Checklists and Guidelines.

Corporate Induction

Programme Aim

This programme aims to provide a Corporate Induction to the HSE for all new staff and staff who are moving roles within the HSE. It is in addition to the completion of the I-Start Hub and the departmental and site inductions.

Learning Objectives

At the end of this programme participants will have an understanding of the following:

- Where their role sits in the HSE
- What the HSE expects of them
- What the HSE can offer them
- Key resources for all staff to access as employees of the HSE

Prerequisites

In order to enrol on the Corporate Induction programme the following HSeLanD e-learning programmes must be completed first:

- An Introduction to Children First
- Dignity at Work
- The Fundamentals of GDPR

Please complete these programme before you enrol on the Corporate Induction programme.

Duration

This is a half-day virtual programme.

Targeted Participants

All new staff and staff who are moving roles within the HSE.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Corporate Induction Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

View Dates and Book a Place

To view dates and book a place please follow the steps for Online Booking for LLTM Programmes on page 3 above.

For queries please contact Alex Ennis by email at: alex.ennis@hse.ie or by phone on 087 7692794.

Clerical Administration Development Programme

Programme Aim

The Clerical Administration Development Programme (CADP) recognises the very valuable contribution played by Clerical Officers and Assistant Staff Officers working across the HSE. This virtual programme aims to develop and enhance essential administration skills required to deliver a service user focused health service.

Learning Objectives

At the end of this programme, the participant will actively demonstrate:

- Team-working skills
- Understanding of their preferred working style
- Effective communication skills with service users and colleagues
- Time management skills for optimal productivity
- Competence in personal development plan creation
- Constructive participation in meetings, and minute taking skills*
- Personal resilience in the workplace
- Completion of an effective Service Improvement Initiative

*Please note that the content of the Minute Taking module in the Clerical Administration Development Programme is based on the content for the separate Minute Taking programme which is also on offer from LLTM. Participants who enrol in the Clerical Administration Development Programme do not need to undertake an additional Minute Taking programme.

Duration

This is a three-day virtual programme.

Targeted Participants

Grade III and Grade IV Clerical Administration staff.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Clerical Administration Development Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

View Dates and Book a Place

To view dates and book a place please follow the steps for Online Booking for LLTM Programmes on page 3 above.

For queries please contact Monica Phelan by email at: monica.phelan@hse.ie or by phone on 056 7785505.

People Management the Legal Framework (PMLF)

Programme Aim

The programme aims to enable line managers to understand and operate key human resource policies and procedures, to improve employee performance, motivation and commitment and thus contribute to high quality patient care.

This programme:

- Gives a brief overview of the legal framework governing employer/employee relations.
- Illustrates how the various employment statutes impact on the people role of the Line Manager
- Demonstrates how the effective use of HR policies not only serves to comply with the legislative requirements but is also central to the motivation and commitment of staff to the organisation and high quality performance.

Learning Objectives

After completing this programme participants should understand their role and responsibilities as a Manager in relation to the following areas:

- Employee Performance
- Managing Employee Grievances
- Managing Attendance
- Equal Opportunities
- Dignity at Work
- Trust in Care
- Management of Atypical Contracts

Prerequisites

In order to enrol on the People Management the Legal Framework programme, the following HSeLanD e-learning programme must be completed first:

- Conducting an Informal Counselling Meeting

Please complete these programme before you enrol on the People Management the Legal Framework programme.

Duration

This virtual programme is four half-days together with a one-hour introduction to the programme. Day One of the programme will finish at 1.30pm.

Targeted Participants

All Line Managers, both clinical and non-clinical, with management responsibilities.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

NMBI Category 1 Approval

Upon completion of the People Management the Legal Framework Programme nurses and midwives registered with the Nursing and Midwifery Board of Ireland (NMBI) shall be awarded 16 Continuing Education Units (CEUs).

CORU CPD

Upon completion of the People Management the Legal Framework Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

View Dates and Book a Place

First Time Managers Programme

Programme Aim

This programme is aimed at newly hired or promoted managers working in both clinical and non-clinical service areas across the HSE. The programme will assist participants in developing the skills and techniques required to enable them to perform more effectively in their role as a First Time Manager.

Learning Objectives

At the end of this programme managers will have a greater understanding of the following:

- HSE Strategy and Structure
- Quality and Patient Safety
- Personal Resilience
- Influence and Motivation
- Time Management and Delegation
- Diversity Equality and Inclusion
- Styles of Leading
- Communication and Introducing Change
- Giving and Receiving Constructive Feedback
- Recognising Conflict Handling Styles
- How to Chair a Productive Meeting

Participants will have an opportunity to explore their preferences for decision-making and communication using the Myers Briggs Personality Type Indicator (MBTI).

PLEASE NOTE: If you have not already attended the “People Management the Legal Framework programme”, it would be advisable that you apply for this programme prior to attending the First Time Managers programme.

Duration

This is a four-day virtual programme.

Targeted Participants

This virtual programme is aimed at both newly appointed/promoted managers and less experienced managers.

E-Learning programmes

Pre-work for this programme includes completion of **ONE** of the following e-learning programmes which are available on HSeLand:

1. Facing challenges as a first time manager
2. The reality of being a first time manager

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

NMBI Category 1 Approval

Upon completion of the First Time Managers Programme nurses and midwives registered with the Nursing and Midwifery Board of Ireland (NMBI) shall be awarded 26 Continuing Education Units (CEUs).

CORU CPD

Upon completion of the First Time Managers Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Coaching Skills for Managers

Programme Aim

The Coaching Skills for Managers programme is aimed at managers and supervisors who are motivated to reflect and become more aware of their current management communication styles and want to develop a new understanding of how a coaching style of management can further develop their staff and enhance workplace performance.

The virtual programme adopts an adult learning approach, where participants are also encouraged to take responsibility for their own learning. This may be realised through self-directed learning activities such as exploring and reading relevant literature, and working through the programme slides and participant handbook before, during and after the programme.

Learning Objectives

On completion of this programme, participants should be able to:

- Describe and understand how a coaching approach enables an engaging effective management/leadership style.
- Distinguish between Counselling, Mentoring and Coaching
- Use impactful communication that allows a coaching style of management/leadership.
- Recognise the impact of self-awareness, and emotional intelligence on working relationships.
- Explore how to engage in supportive feedback using a coaching approach.

Duration

This is a two-day virtual programme.

Targeted Participants

Managers and Supervisors, both clinical and non-clinical, who have completed the People Management; the Legal Framework programme and the First Time Managers programme.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

NMBI Category 1 Approval

Upon completion of the Coaching Skills for Managers Programme nurses and midwives registered with the Nursing and Midwifery Board of Ireland (NMBI) shall be awarded 13 Continuing Education Units (CEUs).

CORU CPD

Upon completion of the Coaching Skills for Managers Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Managing Teams Effectively

Programme Aim:

To create conditions which enable effective team management whether working face to face or in a blended work environment.

Learning Objectives:

Participants will learn to:

- Understand the elements of a high performing team
- Appreciate the context in which teams operate in the HSE
- Promote a culture of trust in your team
- Promote the implementation of the key principles of psychological safety

Duration

This is a one-day virtual programme.

Targeted Participants

This virtual programme is aimed at managers and supervisors, both clinical and non-clinical who are managing teams.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Managing Teams Effectively Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Leaders in Management

Programme Aim

This eight-day Leadership Programme is designed for HSE Managers. The programme has been designed in response to managers' needs and will provide you with the opportunity to explore, network and collaborate with colleagues across a range of services.

Programme Delivery Format

This blended programme is delivered over a seven to eight month period and provides an opportunity for managers to consider and develop their leadership skills and knowledge. It includes core modules, practical tools, seminar groups, e-learning, completion of a work based quality improvement project, action learning and other inputs all delivered using adult-learning methodologies.

Learning Outcomes

This programme will support you to enhance and further develop your skills in:

Managing your Service

Develop your management and leadership capability to lead teams in the planning and delivery of a high quality service and influence healthcare outcomes, strengthen your ability to navigate and lead in a changing health care environment.

Being Strategic

Enhance your ability to improve the quality and efficiency of your service – including strategic planning, project and change management skills.

Being a Leader

Support you to become the best leader you can be by: Developing your resilience, building your capacity and confidence in leading your team, and managing team performance.

Targeted Participants

This programme has been designed for Service Managers and Heads of Discipline, both clinical and non-clinical.

NMBI Category 1 Approval

Upon completion of the Leaders in Management Programme nurses and midwives registered with the Nursing and Midwifery Board of Ireland (NMBI) shall be awarded 35 Continuing Education Units (CEUs).

CORU CPD

Upon completion of the Leaders in Management Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional

development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Registering your interest

Please note that applicants may register their interest in this programme by contacting the relevant regional LLTM coordinator with the following information:

- Job Title and Grade
- Department and Division name e.g. CHO/ Hospital Group/ Corporate etc.
- Line Manager Name

Contact details for your regional LLTM team are listed on page 4 of this prospectus.

Presentation Skills

Programme Aim

Communicating ideas effectively to your audience is the key to any successful presentation. This practical Presentation Skills course not only provides the tools and information to help you do this, but also allows you to put these new skills into practice.

Learning Objectives

This programme will support you to:

- Prepare your presentations more effectively
- Build confidence and professionalism
- Manage nerves
- Engage your audience by mastering the art of presence (Voice/Body language)
- Connecting with your audience

This is an interactive workshop and you will have an opportunity to prepare and deliver a presentation and obtain structured feedback.

It is a requirement that you complete the following two e-learning programmes available on HSeLanD before attending the programme.

- PowerPoint Office 365 (Windows): Getting Started
- PowerPoint Office 365 (Windows): Using Multimedia in Presentations

If you are not already familiar with PowerPoint it is recommended that you complete the following e-learning programme available on HSeLanD before attending the programme.

- PowerPoint Office 365 (Windows) Using Multimedia and Animations in PowerPoint Enhancing Presentation Designs

Duration

This is a half-day programme.

Targeted Participants

The programme is open to any staff member who wishes to improve their skills in the area of presentations.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. . Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where

they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Presentation Skills Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Retirement Planning

Programme Aim

This one-day retirement planning seminar assists participants in planning for their approaching retirement. It is delivered as a combination of virtual presentations from speakers from various speciality areas and a series of pre-recorded webinars.

Learning Objectives

The seminar is delivered by subject matter experts and will provide information on a range of topics to support staff in making the transition from work to retirement, such as:

- Superannuation
- Legal matters
- Social Welfare Benefits
- Coaching for retirement

The seminar is supported with the following webinars to provide additional information in areas of:

- Healthy activity in retirement
- The transition from working in the HSE to retirement
- Opportunities for volunteering in retirement
- Minding your wellbeing

Duration

This is a one-day virtual programme.

Targeted Participants

All staff who are contemplating retirement within two years.

Programme Requirements

To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Retirement Planning Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Minute Taking

Programme Aim

This programme aims to introduce by means of a practical and interactive virtual workshop, skills and information which will help participants to produce minutes for meetings. The programme provides tips, techniques, and tools which will support participants to develop confidence in preparation for minute taking.

Learning Objectives

At the end of the programme participants will have a knowledge of the responsibilities of a Minute Taker before, during and after a meeting and will have an opportunity to practice minute taking.

- Identify the key tasks and responsibilities for the minute taker
- Discuss challenges to the role and possible solutions on how to overcome them
- Provide tips and tools to help build confidence in the role
- Tips on what can help reduce stress
- Opportunity to practice taking minutes

*Please note that participants who have completed the Clerical Administration Development Programme (and the minute taking module associated with it) do not need to undertake an additional Minute Taking programme. The content is similar to ensure alignment across LLTM programmes.

Duration

This programme is a half-day virtual programme.

Targeted Participants

Staff who have been appointed to take minutes or notes in a variety of meeting settings.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Minute Taking Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Managing Your Time Effectively

Programme Aim

To provide staff with the opportunity to explore and identify ways to manage their time and tasks in a planned manner. To consider different methods of analysis and planning in order to be more efficient and effective.

Learning Objectives

Upon completion of this workshop, participants will have developed their understanding of:

- Time Management
- Analyse how you spend your time
- Identify ways to manage time and tasks in a planned manner
- Consider different methods of analysis and planning in order to be more efficient and effective
- Increase the time in which you can work by eliminating time stealers
- Set goals to plan your work and life more effectively
- Increase your motivation, effectiveness and reduce stress

Duration

This programme is a half-day virtual workshop.

Targeted Participants

This programme is open to all staff; however those in Grade III and Grade IV roles are particularly welcome to attend.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Managing Your Time Effectively Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Effective Feedback

Programme Aim

How is it that giving or receiving feedback on the job is so treacherous for so many people, regardless of where they work or what they do? For something so critical to performance and to getting strong results, giving or receiving input is so often poorly understood and poorly handled. It does not have to be that way.

This programme is designed to provide staff with the skills and confidence to both give and receive feedback effectively to and from others in the organisation.

Learning Objectives

Upon completion of this workshop, participants will be able to:

- Define Effective Feedback
- Discuss the barriers to providing feedback
- Know the benefits of giving and receiving feedback
- Describe the characteristics of Effective Feedback
- Practice skills required in giving Effective Feedback

Duration

This programme is a half-day virtual workshop.

Targeted Participants

Staff who wish to develop skills for giving and receiving feedback.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme. Places on the programmes below are subject to availability.

CORU CPD

Upon completion of the Effective Feedback Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Facilitation Skills

Programme Aim

This programme aims to support staff to develop confidence and competence in effective group facilitation skills to enable staff to perform more effectively in their role.

Learning Objectives

On completion of this module participants will be able to:

- Understand and describe what is meant by group facilitation
- Identify and understand the key elements of the facilitation process
- Recognise the characteristics of group dynamics
- Identify and utilise group facilitation skills
- Enhance confidence in facilitation skills

Duration

This is a one-day virtual programme.

Targeted Participants

This programme is aimed at staff (clinical or non-clinical) for which group facilitation is currently part of their role, or will be part of their role. The programme is open to experienced group facilitators wishing to engage in continued professional development, as well as staff who are newer to group facilitation and wish to develop their skills in this area.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. Managing Conflict Effectively

Programme Aim

To provide you with the necessary skills and knowledge to manage conflict effectively, enhancing awareness of underlying variables leading to conflict, and enabling line managers to promote healthy working relationships and a positive team environment.

Learning Objectives

At the end of this programme you will have a knowledge and appreciation of:

- Identification and understanding of the signs, symptoms and impact of conflict
- Understanding models, tools & techniques to assist in managing conflict effectively
- Reviewing a manager's role in preventing & managing conflict
- Identifying what it means to have a positive work environment and how to ensure this is developed and sustained

Duration

This is a one-day virtual programme.

Targeted Participants

This virtual programme is aimed at HSE staff with people management responsibilities.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Leading Multi-Cultural Teams

Programme Aim

The overall aim of the programme is to enable participants to build the necessary skills and knowledge to manage multi-cultural teams effectively. This programme will provide participants with an understanding of some of the issues that can arise within multi-cultural teams and how to effectively manage those issues. It will enable line managers to promote healthy working relationships within their teams and foster a positive environment within the workplace.

Learning Objectives

On completion of this programme participants will be able to:

- Recognise key concepts relating to Diversity, Equality and Inclusion.
- List examples of unconscious bias that may occur relating to Multi-Cultural Teams
- Identify the difference between Cultural Awareness and Cultural Intelligence
- Recognise how Culture impacts on Work Processes & Dynamics
- Manage common workplace Cultural Issues and Challenges
- Highlight a Manager's role in Developing an Inclusive Working Environment for Multi-Cultural Teams

Duration

This programme is a half-day programme.

Targeted Participants

Staff in the HSE and Section 38 organisations who have leadership responsibilities.

Programme Pre-Requisites

This virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that:

-Colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from.

-Access to a reliable internet connection is also needed.

-A laptop or a PC with a camera and audio are preferred for joining virtual programmes.

-Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

Programme Pre-Requisites

Complete HSE Diversity, Equality and Inclusion eLearning on HSeLanD.

- Module 1: An Introduction to Diversity, Equality and Inclusion

- Module 3: Working in a Diverse Team

CORU CPD

Upon completion of the Leading Multi-Cultural Teams Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. Support Contact Person – Dignity at Work

Programme Aim

This programme is designed to provide Support Contact Persons with the knowledge and skills to undertake this voluntary role as detailed in the revised Dignity at Work Policy.

Learning Objectives

During the two-day training, participants will:

- Gain an understanding of the revised Dignity at Work Policy.
- Describe the role of the Support Contact Person.
- Outline the contracting process associated with this role.
- Develop skills in Empathy, Rapport, Active Listening and Powerful Questions.
- Gain an understanding of conflict.
- Develop knowledge on the key supports and services available for Dignity at Work. These include mediation and a knowledge of Staff Health and Wellbeing Infrastructure.
- Identify strategies for effectively managing a conversation with a distressed individual.
- Outline when to close the engagement.
- Recognise the importance of monitoring and building your own personal resilience.
- Engage in observed role-plays to put knowledge and skills into practice.

Duration

This virtual programme is two full days with a one-hour introduction to the programme.

Targeted Participants

A Support Contact Person provides confidential information and emotional support to the parties to a complaint. They do not act as advocate or representative for the complainant and they should have appropriate training and experience and be familiar with the relevant Human Resources procedures including the Dignity at Work Policy.

This training programme has been designed for staff members who have been selected by their line managers to undertake this role.

To ensure that support contact persons are trained across the organisation, the programmes will ideally reflect a spread of participants in terms of geographical location and experience in the HSE and Section 38 organisations. On this basis, please note that we may be required to re-assign participants to other training dates. If this is the case we will liaise with participants to reschedule to an alternative training with their agreement. Each of the programme sessions listed below are open to applicants from all parts of the country.

Each of the programme sessions listed below are open to applicants from all parts of the country.

Prerequisites

Enrolment is not permitted unless you have taken all of the modules/programs listed below, or their equivalents:

- Dignity at Work (Revised 2022)

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme. Places on the programmes below are subject to availability.

CORU CPD

Upon completion of the Support Contact Person Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Nominated Person – Dignity at Work

Programme Aim

This programme is designed to provide Nominated Persons with the knowledge, skills and capabilities to undertake this voluntary role as detailed in the revised Dignity at Work Policy.

Learning Objectives

During the three-day training, participants will:

- Gain an understanding of the revised Dignity at Work Policy
- Describe the role of Nominated Person
- Outline the contracting process associated with this role
- Develop skills in Empathy, Rapport, Active Listening and Powerful Questions
- Gain an understanding of conflict
- Develop knowledge on the key supports and services available for Dignity at Work which includes Mediation and a knowledge of Staff Health and Wellbeing Infrastructure
- Outline the options available under the Dignity at Work Policy
- Understand how to apply the skills in a facilitative process
- Engage in observed role-plays to put knowledge and skills into practice.

Duration

This virtual programme is three full days with a one-hour introduction to the programme.

Targeted Participants

A Nominated Person is a supervisor / manager or someone in authority who manages the complaint on behalf of the organisation at secondary informal procedure stage 2.

This training programme has been designed for staff members who will be undertaking this role.

To ensure that nominated persons are trained across the organisation, the programmes will ideally reflect a spread of participants in terms of geographical location and experience in the HSE and Section 38 organisations. On this basis, please note that we may be required to re-assign participants to other training dates. If this is the case we will liaise with participants to reschedule to an alternative training with their agreement. Each of the programme sessions listed below are open to applicants from all parts of the country.

Prerequisites

Enrolment is not permitted unless you have taken all of the modules/programs listed below, or their equivalents:

- Dignity at Work (Revised 2022)

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. Dignity at Work for Line Managers Training

Programme Aim

The overall aim of this programme is to provide line managers with the necessary skills and knowledge to foster a positive supportive work environment, where good communication, support and mutual respect are the norm and to enable line managers to resolve complaints informally at local level where appropriate in line with the Dignity at Work Policy.

Learning Objectives

At the end of this programme you will have a greater understanding of the following:

- The HSE Dignity at Work Policy
- Roles and responsibilities of line managers under the Dignity at Work Policy
- The key supports and services available under the policy including Mediation, Coaching and Workplace Health and Well-being Infrastructures
- Identifying what it means to have a positive work environment and how to ensure this is developed, promoted and embedded within the department
- How to address conflict informally
- Application of practical skills from role-play and scenario-based learning

Duration

This virtual programme is half-day programme from 9am to 1.30pm.

Targeted Participants

Line Managers in HSE and Section 38 Organisations.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that:

- Colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from.
- Access to a reliable internet connection is also needed.
- A laptop or a PC with a camera and audio are preferred for joining virtual programmes.
- Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Dignity at Work for Line Managers Training Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Train the Dignity at Work Trainer

Please note that this programme is for designated local HR staff in the HSE and Section 38 who will be providing briefing sessions to staff and management on Dignity at Work Policy.

Programme Aim

The overall aim of this programme is to enable you to provide briefing sessions to managers and staff on the Dignity at Work Policy using adult learning principles. In this session the Dignity at Work Policy briefing will be delivered using adult learning principles. This will provide you with an opportunity to experience and discuss the difference between delivering a Presentation versus Facilitating a group. There will also be opportunities for a Q&A session facilitated by a representative from Employee Relations.

Learning Objectives

At the end of this programme you will have a knowledge and appreciation of:

- Explain the Dignity at Work Policy and the key changes in the revised policy
- Define the different roles under the policy
- Role of the Line Manager
- Role of the Employee
- Role of HR
- Role of the Support Contact Person
- Role of the Nominated Person
- Role of the Investigation Commissioner
- Explain the complaints management procedure and where each role sits in this procedure.
- Outline the supports available under the Dignity at Work Policy.
- Understand adult learning principles.
- Differentiate between delivering a presentation versus facilitating a group.

Prerequisites

- Read the Dignity at Work Policy.
- Watch the Dignity at Work e-Learning module.
- Watch the video on using zoom.
- Watch a video on Adult Learning Theory.
- Watch mediation webinar presented by Joan Smith, Mediation Services Manager.

Duration

This virtual programme is a half-day programme with a one-hour introduction to the programme.

Targeted Participants

Local HR HSE and Section 38 staff who will be providing briefing sessions to staff and management on Dignity at Work Policy.

Programme Requirements

Please note that this virtual programme is an interactive and participative programme. Participants will be engaging with each other and with the facilitator in discussion and in group work and will need to be able to both see and hear each other throughout the programme. To facilitate the best learning experience for all it is recommended that:

- Colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from.
- Access to a reliable internet connection is also needed.
- A laptop or a PC with a camera and audio are preferred for joining virtual programmes.
- Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

Please note that participants must attend the one hour pre-introduction in advance of this half day training programme.

Master Class Courtroom Skills for HSE Staff

Programme Aim

This programme aims to support HSE staff who attend court on behalf of the HSE by enhancing their courtroom skills.

Learning Objectives

Upon completion of this virtual master class, participants will have increased understanding of:

- The role of Tusla Child Protection, Gardaí, and Witnesses
- The role of Solicitors, Barristers, and Judges
- The role of the HSE Legal Department
- Court Procedures and Protocols
- Preparation Techniques
- Lawyer Techniques in cross examination and how to handle them
- How to give confident testimony under examination
- Witness rights if being intimidated
- The importance of note taking and record keeping
- Considerations when dealing with different jurisdictions

Duration

This programme is approximately three hours in duration.

Targeted Participants

Staff who attend court on behalf of the HSE.

Programme Requirements

To facilitate the best learning experience for all it is recommended that colleagues only sign up for a programme where they have access to a camera and audio on the laptop or PC that they are joining from. Access to a reliable internet connection is also needed. A laptop or a PC with a camera and audio are preferred for joining virtual programmes. Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality required to participate in the programme.

CORU CPD

Upon completion of the Masterclass Courtroom Skills for HSE Staff Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Mid-Career Planning Programme

Programme Aim

This programme aims to provide staff who are mid-career with relevant information, links and key resources which will enable them to plan effectively for their future working lives in the HSE.

Learning Objectives

Upon completion of this programme, participants will have increased understanding of:

- What is involved in the 'Mid-Career Stage'
- Continuous Professional Development and Career Development
- Coaching at Mid-Career
- Pension Information
- Minding your Wellbeing

Duration

This programme is three hours in duration from 9.30am – 12.30pm

Targeted Participants

HSE Staff who are considered by themselves and their line managers as being at mid-career stage.

Programme Requirements

This programme is a webinar style programme on Webex. Webinar attendees will not have the option to turn on their camera or microphone. Questions will be taken through the Q&A Function on Webex.

To facilitate the best learning experience for all, it is recommended that attendees have access to a laptop or PC with a reliable internet connection.

Joining via a tablet or mobile phone is not recommended as these do not allow the participants to access all of the functionality in the programme.

CORU CPD

Upon completion of the Mid-Career Planning Programme, health and social care professionals registered with CORU can recognise this programme as a suitable continuous professional development (CPD) activity for their role. CPD credits may then be allocated based on the new or enhanced learning associated with the activity.

Team Development Services

Team Development Aims

In our changing world, workplace teams are increasingly varied and complex. Leadership, Learning and Talent Management offer bespoke team interventions tailored to the specific needs of the team.

Leadership, Learning and Talent Management (LLTM) offer team facilitation supports to help teams function effectively.

LLTM facilitates team sessions to strengthen relationships and help teams better understand and appreciate each other's work styles and preferences. LLTM also offer bespoke team interventions in which Line Managers can also propose any specific issues they would like to address.

Team Development sessions may include:

- Strength-based team reviews
- Exercises to understand team styles
- Bespoke team intervention

Duration

This is contracted with individual teams depending on specific needs.

Targeted Participants

Any team.

How to Apply

If you are interested in team development workshops, please contact your local LLTM team for further information. Contact details can be found on page 4 of this Prospectus.
