About the scholarship

Twelve scholarships will be offered as a bursary of €1,000 per student/student group (two per institution plus an additional two high potential candidates).

The successful candidates will be chosen through a competitive process during the academic year.

- **Design student for the academic year of 2023/24 (includes Bachelors, Masters or PhD students)**
- **Must produce a healthcare related solution/product**
- **Must present their project at a national showcase event on May 31st 2024**
