

A new approach to bed prescription

Anne Spencer CNM1

Lorraine Ledger ADON

Grainne Bourke DON

My Role

- Extends to Residential Houses, Day Services and Respite Units
- Review of Day Services focus on adequate bed provision
- Undertake Individual Bed Reviews on Request
- Offer Bed Reviews in all Residential Houses
 - All service users beds are assessed in conjunction with staff members
- Co-ordinate the Bed Prescription Team within SMH
- Work with PHN's and other members of the community team to prescribe profiling beds for service users, post install follow up and education
- Liaise with medical equipment suppliers and local bed suppliers/manufacturers
- Provide information resources e.g. for purchasing standard beds

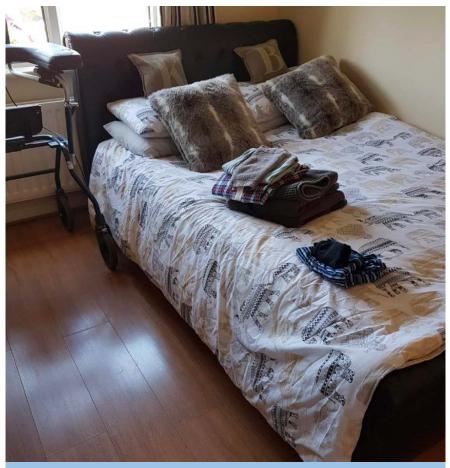

'Me & My Bed' – it's not just about the bed!

Most Importantly It Is About Me!

About Me – Ensuring A Person Centred Approach

- Understand my healthcare needs both physical and psychological
- Appreciate the problems/challenges I face each day for example issues associated with incontinence, ageing, frailty, falls (including bone health – osteoporosis osteopenia), reduced skin integrity, seizures – these represent my changing health care needs
- What type of bed / mattress should I have that suits my holistic needs?
- Where should my bed be situated in my room?
- Bed linen/special pillows etc.

A Case Study:

Changing Care Needs = Changing Room

A new bed design

Service Improvements & Innovations

Bed Prescription Team – ICP, Inform Service Planning

Health & Safety

Collaboration with Community Care Teams

Design of a Dementia Friendly Bedroom

New Standard Bed Design for Service Users in SMH

Changing Needs Fire Safety & Fitness – 'Me & My Fitness'

Education – Understanding Sleep and Sleep Promotion

'About Me'

I am unique, I am special,

I am me

....sleep is the golden chain that ties wellbeing and our bodies together....

I would like to acknowledge the help and support of:

 Colleagues within the occupational therapy and physiotherapy departments within St Michael's House

 The NMPDU for sharing and supporting our vision

Colleagues in the community

And most importantly the service users
